# Jesse Rowley

5772 W Loch Raven Ct, West Valley City, UT 84128
**Phone:** 435-209-0084 || **Email:** jdrowley1989@gmail.com
**LinkedIn:** https://www.linkedin.com/in/jd-rowley
**Portfolio:** http://jd-rowley.com
**GitHub:** https://github.com/JD-Rowley

Full stack web developer with graphic design experience. Recently earned a certificate in full stack web development from University of Utah with newly developed skills in JavaScript, CSS, and React.js, among numerous other languages and tools. Passionate about developing quick and responsive applications for a great user experience. Strengths in organization, team work, and web design.

## Technical Skills

**Languages:** JavaScript, TypeScript, ES6, CSS3, HTML5, SQL, NoSQL
**Applications:** GitHub, MongoDB, MySQL, AWS, Heroku
**Tools:** Express, React, Node, Handlebars, Bootstrap

## Education

**Bootcamp Certificate, Full Stack Web Development** - University of Utah

*July 2021 - January 2022*

I've spent six months learning all I can about coding from the basics of HTML to cutting edge and widely used technology like React. I was taught how to use numerous coding languages, tools and applications and how to pick up on new ones quickly.

**Bachelor of Fine Art, Visual Design** - Broadview Entertainment Arts University
*October 2016 - March 2018*

Since 2016 I have pursued my degree in animation and modeling at BEAU. I have taken a number of Professional Communication courses as well as Small Business Management and entrepreneurship classes, giving me the knowledge of how to conduct myself and communicate effectively in the workplace.

## Projects
